Community Service

Operating as the flagship station for Morehead State Public Radio (MSPR), WMKY at 90.3FM offers hands-on training for Morehead State University students interested in convergent media careers. The support MSPR receives from listeners, local underwriting, Morehead State University and the Corporation for Public Broadcasting (CPB) enables MSPR to train students for careers in convergent media, purchase new equipment and develop local programs of educational, informational and entertaining significance.

Important to serving the communities in the Appalachian region is involving MSPR's Community Advisory Board (CAB) in programming, operations, engagement and outreach. The CAB consists of nine individuals representing MSPR's twenty county service region. The CAB reviews MSPR's mission, goals and programming, assists in developing and building the listening audience and expanding the operational base of support. CAB members serve a three year term and meet with MSPR staff on a quarterly basis. CAB meetings are publicized in advance through on-air and social media, including the station's website. CAB meetings are open to the public and guests are welcome to attend. Quarterly CAB meetings in 2019 were held in February, May, August and November at MSPR's studios. CAB meeting minutes are posted on MSPR's website.

MSPR is regularly involved in the community by sponsoring local and regional events and festivals. Some of the events sponsored by MSPR during 2019 were the Cave Run Storytelling Festival, First Friday Outdoor Market, Gateway Regional Arts Center, Just As I Am, Live on the Licking Summer Concerts, Morehead Antique Market, Morehead Arts and Eats Festival, Morehead Hometown Holidays, Morehead Theatre Guild, Morehead Writing Project, MSU Blue & Gold Championship of Bands, MSU Move-In Day, MSU Summer Arts Academy, Next STEP, Rowan County Arts Center, Rowan County Christmas, Rowan County Senior High School Thespians, Storybook Christmas and Writer's Day Out.

MSPR sponsored several events on the campus of Morehead State University during 2019 including music, theatre and dance productions, music clinics, lectures, art exhibitions, writing workshops, book readings and film screenings. MSPR also spotlighted more than twenty MSU faculty, staff and programs through the "Points of Pride" recognition messages and news features.

Providing news, information and education to the community is an important part of MSPR's goals and mission. In addition to daily newscasts and special programs throughout the year, MSPR also provided Kentucky Educational Television's (KET) live coverage of Kentucky's State of the Commonwealth Address, NPR's live coverage of the State of the Union Address, Robert Mueller's special report and Impeachment hearings. MSPR also provided coverage of regional primary, special and general elections.

MSPR participated in career fairs, workshops and open houses at MSU and throughout the region. MSPR staff members were featured speakers at civic luncheons, public events and MSU classrooms. MSPR also welcomed new MSU students by participating in MSU's Open Houses and Student Orientation, Advising and Registration (SOAR) sessions. Tours of MSPR's studios were given throughout the year to classroom students, community youth and other organizations.

The involvement of MSPR in community and regional activities helps to increase the awareness, learning and understanding of social, cultural and diversity issues. As MSPR's ongoing outreach and engagement efforts continue, MSPR's participation will enhance the facilitation of connecting people to needed resources and strengthening partnerships between organizations in the region.

Another important role in MSPR's operations is serving as a flagship station in the Emergency Alert System (EAS). MSPR's continued efforts to best serve listeners, especially the rural communities of MSPR's broadcast region, is to be proactive in regularly providing public safety information regarding emergencies and natural disasters.

Weekly EAS tests are administered by WMKY and the station participates in monthly Kentucky statewide tests. WMKY also participated in a National EAS Test on August 7, administered by the U.S. Department of Homeland Security and the Federal Communications Commission. An off-site back-up auxiliary transmitter is available during equipment and technical adjustments, tower inspections, power failures or severe weather.

MSPR also continued a partnership with Radio Eye, Inc. to provide a radio reading service to the blind, visually challenged and impaired. MSPR provided use of WMKY's sub-carrier to provide regional radio programming including the reading of newspapers, magazines, community events, obituaries and more. As an ongoing project, specially-designed radios are distributed free-of-charge to qualified applicants in the region. In addition, MSPR staff are frequent guests during Radio Eye's Celebrity Reader Week.

Future Projects

MSPR will provide high-quality news, information and entertainment programming which best serves the region. In-depth feature and investigative reporting will focus on local, regional and state issues.

MSPR will support regional community events such as concerts, festivals, workshops, book readings, exhibits and lectures. These outreach activities will enable MSPR to foster and enhance partnerships with regional organizations and the communities they serve. Connecting with these communities is a vital part of MSPR's mission to provide programming which is educational, informative and entertaining.

MSPR will collaborate with Radio Eye to offer a radio reading service to the blind, visually challenged and impaired. MSPR will also promote the reading service and distribution of radios to qualified applicants through on-air broadcast announcements and placement on the station's website.

MSPR will work with community partners to provide employment opportunities for individuals with developmental disabilities to promote independence, personal growth and empowerment.

MSPR will partner with local, state and regional news agencies such as the Associated Press, Kentucky News Network and Public News Service for use of their print and audio services.

MSPR will partner with the Ledger Independent, Morehead State University, The Trail Blazer, West Virginia Public Broadcasting, WUKY and various agencies of Kentucky government to provide web-based news stories for MSPR's website.

MSPR will improve its website by providing an interactive outlet for listeners through podcasting, web-streaming and audio downloads, as well as other interactive media. Improvements to WMKY's studios will continue to be enhanced through equipment upgrades and utilization of new technology. The purchase and installation of a new audio board for WMKY's master control room, computers for newsroom editing stations and website enhancements are examples of several improvements planned in the coming months.

MSPR will provide an educational and supportive workplace for student work-studies as audio engineers, news reporters and production assistants. The student work-study program is an important aspect of MSPR's mission, providing educational opportunities in a structured, supported and professional environment.

Important to MSPR's success in programming and outreach activities, is developing a knowledgeable and trained professional staff. Opportunities for MSPR's staff to attend workshops, seminars and conferences will be available to enhance professional training, career education and peer-networking opportunities. As a result, MSPR's staff can be better informed and skilled to share their knowledge with other staff members.

The funds we receive from the Corporation for Public Broadcasting are vital for WMKY to provide unmatched regional news coverage, informational public affairs and cultural, music and entertainment programming. CPB funding covers the majority of WMKY's operational expenses, part-time salaries, purchase of national programming and network memberships, transmitter (main and auxiliary) electrical and tower rental fees.

WMKY's Community Service Grant accounts for approximately one-half of WMKY's total operational budget. CPB funding is extremely critical to WMKY's existence, serving as an important supplement to locally-generated revenue through fundraising and underwriting. WMKY could not operate at its current level without the support of the CPB.

CPB funding makes it possible for MSPR to focus our energy on addressing our goals and mission, serving our community, informing our listeners and creating programming that reflects the community's diversity on multiple levels, including (but not limited to) age, culture, economics, education and ethnicity.

MSPR's goals and mission depend on CPB grants to develop diverse and independent voices in promoting civic and cultural participation in the community. Without CPB funding, MSPR would not be able to achieve our mission and goals and likewise, MSPR's non-profit partners would be left without a media voice. Ultimately, their missions and goals would also be significantly and negatively affected if CPB funding were to be cut or eliminated completely.

MSPR views collaboration as a key element in significantly increasing our impact in the region, despite limited resources. CPB's support keeps us focused on our mission, our goals, our audience and our community. Without the support of the CPB, the diversity of programming, community engagement and outreach would be in jeopardy.

Morehead State Public Radio (WMKY) greatly appreciates the generous support from the Corporation for Public Broadcasting. MSPR understands this is an equal partnership and is dedicated to serving the listeners in eastern Kentucky by offering educational, informational and entertainment programming as a valuable resource to the communities served by MSPR in sustaining a unique sense of community, heritage and culture.

Respectfully submitted,

Paul W. Hitchcock, General Manager
